

Installation & Maintenance - 3pc Toilet Seat

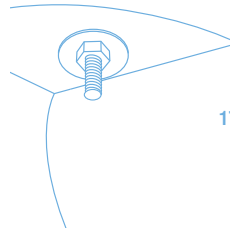

Installing your 3pc toilet seat

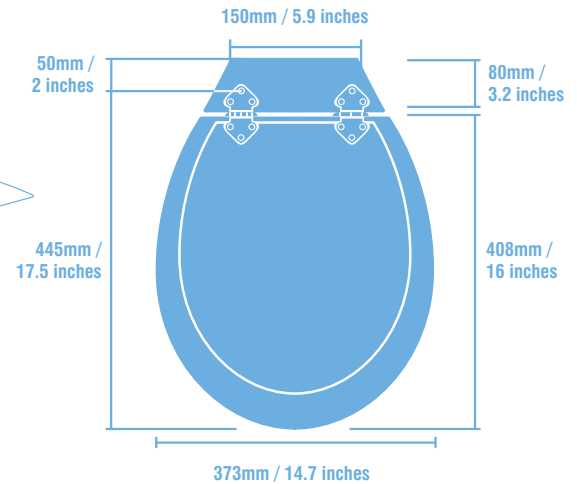

(Fig 1.1)

(Fig 1.2)

(Fig 1.3)

STEP BY STEP

Please complete the following before placing on your toilet bowl.

1. Tighten dome nut on one end of threaded rod. (Fig 1.1)
2. Place threaded rod through hole in seat anchor, allowing dome nut to rest on hinge.(Fig 1.2)
3. Place rubber washer on threaded rod on the underside of toilet seat anchor.
4. Place complete toilet seat onto your toilet pan/bowl.
5. Place rubber washer on to threaded rod, then put plastic washer onto threaded rod, use your hand to start tightening the metal nut. Finish tightening with the nut tool supplied. (Fig 1.3)
6. Please store the nut tool in a safe place for future use.
